### Courses and Descriptions:

**ALL DAY COURSE**      **8am-5pm**      **\$150**      **8hr CE**

**Soil Gas Mitigation – Compliance Inspector Course | NRPP ID # KSU-8000 (8 Cat I hrs)**

The NRPP Soil Gas Mitigation Compliance Inspector is for those who inspect ASD systems to verify if the installation complies with the ANSI-AARST Soil-Gas Mitigation Standard. SGM Compliance Inspectors have access to the AARST mitigation inspection app used to perform a visual assessment and generate a compliance report. Their role is to represent home buyers by verifying if systems installed as part of a home sale meet the minimum standards, help resolve citizen complaints to NRPP, and assist state radon programs with compliance enforcement. This course is a pre-requisite to the SGM-CI Exam. The exam is not required.

**MORNING COURSE**      **8am to 12 noon**      **\$75**      **4hr CE**

**Radon Measurement Standards Update | NRPP ID # KSU-1000 (4 Cat I Hrs)**

This 4 hr course provides an overview of the ANSI-AARST Standards consortium and the process by which standards are developed and updated. It will review all current standards and share how to access them and the resources available to the public and industry. The status of current public review will be presented for each standard currently undergoing harmonization or revision, along with how to comment in that process. The course will close with a review of the most important measurement standards and how to comply with the current guidance and requirements. Course required for all NRPP certificate renewals starting July 2023.

**AFTERNOON COURSE**      **1-5pm**      **\$75**      **4hr CE**

**Radon Mitigation Standards Update | NRPP ID # KSU-1500 (4 Cat I Hrs)**

This four-hour course provides an overview of the ANSI-AARST Standards consortium and the process by which standards are developed and updated. It will review all current standards and share how to access them and the resources available to the public and industry. The status of current public review will be presented for each standard currently undergoing harmonization or revision, along with how to comment in that process. The course will close with a review of the most important mitigation standards and how to comply with the current guidance and requirements. Course required for all NRPP mitigation certificate renewals starting July 2023.
