Optimal Mitigation and Advanced Diagnostics Workshop

June 7-8, 2023 Lenexa, KS

Conducted by KSU

Serves all NRPP Certification requirements - KSU-228 IL CE ID# RNTC2018-01

For content questions, call Bruce Snead at 785-532-4992

Location: Fantech Tech Center | 10048 Industrial Blvd. | Lenexa, KS, 66215

(this workshop will also include a tour of the Fantech radon fan manufacturing facility)

<u>Course Time:</u> Course 8am - 5pm Central | Wednesday-Thursday | Lunch included

Course Description:

This highly-interactive course is designed to help radon mitigation professionals develop and strengthen diagnostic techniques as well as build confidence to overcome barriers for successful radon reduction. We will examine case studies and technical aspects of succeeding in challenging diagnostic situations. In addition, hands on activities demonstrate key airflow and pressure measurements in mitigation and fan selection. Lunches both days are included. Registration will be limited so sign up early to ensure a spot in the course.

Evaluation Comments about this Course

"Super class! The information was fantastic. I got so much out of the slides and even more with the hands-on demonstrations. I appreciate the fact the information was broken down and built into the big concepts."

"This was my first course with you guys and gals. You made me feel welcome and treated me like family. Your hospitality is unrivaled. The class was perfect and encouraged involvement and made me want to contribute. Thank you all very much!!!"

16 CE hours

Fee: \$400

Instructors: Bruce Snead (KSU) | Chad Robinson (Building Performance) | Josh Kerber (Minnesota)
